FINANCIAL POLICY

WE at Triangle Area Network (TAN Healthcare) are committed to providing you and your family with the highest quality of care, and we are pleased to discuss our professional fees with you at any time. Your clear understanding of our financial policy is important to our professional relationship. Please ask if you have any questions about this financial policy.

You are personally responsible for payment at the time of service for all charges that result from care provided by TAN Healthcare.

To assist us in establishing your TAN Healthcare financial account, please:

- Supply all information for the accurate billing of your insurance claim, including your insurance card, and demographic information.
- Satisfy all co-payments, deductibles, and non-covered services by your health plan on the day services are rendered.
- Provide your insurance company and TAN Healthcare with any additional information requested to complete the processing of claims filed on your behalf.
- Agree to immediately report any changes in your financial status and/or insurance coverage.

UNACCOMPANIED MINORS:

Minors must have an authorization for medical treatment signed by their parent/guardian. The minor's parent/guardian is responsible for providing current insurance information. Please note that co-payments and/or deductibles are expected at the time of service.

REGARDING HEALTH PLANS AND INSURANCE:

For each visit to TAN Healthcare, it is your responsibility to make sure TAN Healthcare is currently under contract with your insurance plan. Verification of your coverage and benefits may be required. Often this verification requires us to share the reason for your visit with your insurance carrier.

If we are not contracted with your health plan, we may require full payment at the time of service. We will supply you with a copy of your itemized statement so that you can file for reimbursement from your health plan. Should your health plan require a more detailed description of services, please have your health plan request it in writing.

Please note that if you qualify for services through a grant-funded program or the Department of State Health Service Family Planning (Title X) these resources are payers of last resort. Meaning that, if you currently or in the future have Medicare, Medicaid, or third-party insurance, you may not be eligible for services under these grants.

If such changes have not been appropriately reported and those changes in your status result in ineligibility for services under a grand-funded program at TAN Healthcare, you will be fully responsible for the cost of services delivered by TAN Healthcare.

Financial Assistance is available for all patients regardless of insurance; please speak with us to see if you qualify.

ASSIGNMENT OF BENEFITS:

You attest to the following:

In consideration of services rendered or to be rendered by TAN Healthcare, I hereby irrevocably assign, transfer and set over to TAN Healthcare all rights, titles, and interests in all benefits payable for the health care rendered by TAN Healthcare to the patient(s) named below, which benefits are provided in any and all insurance policies, employee benefit plans, re-insurance/stop-loss contract and/or third party actions against any other person or entity, for whom my spouse, dependents or I are entitled to recover.

- I also hereby irrevocably assign, transfer, and set over to TAN Healthcare all right, titles, and interests in any and all claims, administrative appeals, and causes of action against all insurance companies, employee benefit plans, re-insurance/stop-loss carriers, third party administrators and/or other persons or entities responsible for the payment of health insurance benefits.
- I authorize my insurer plan administrator to release to TAN Healthcare any and all insurance policies, plan documents, summary plan descriptions, and/or settlement information upon written request of TAN Healthcare in order to claim such medical benefits.
- I authorize payment to be made directly to TAN Healthcare or my treating physician.
