Our Mission

TAN Healthcare is committed to providing all care to all people.

Our Vision

TAN Healthcare aims to be the community's choice for quality, accessible, and affordable healthcare.

Our Values

- **Reliability** TAN Healthcare has proven to be a reliable source in our community since 1987.
- **Collaboration** We value maintaining strong collaborations in the community to eliminate barriers to care.
- **Knowledge** Our providers, support staff, and care managers seek knowledge through training and educational opportunities to grow professionally in order to provide new services to our patients.
- **Innovation** We use creative ideas and unique talents of all team members to drive positive healthcare changes.
- **Diversity** We value diversity because everyone that walks through the door will receive quality care regardless of who they are or where they come from.
- **Compassion** We value the spiritual and emotional wellbeing of people.

Help Us Shape the Future of Community Health in Southeast Texas

TAN Healthcare is a proud Community Health Center with deep roots in Southeast Texas. What began as a mission to care for individuals living with HIV/AIDS has grown into a vibrant, full-service health organization committed to providing “All Care for All People.” Under the leadership of CEO Dena Hughes and board of directors, TAN now operates two locations and offers high-quality, compassionate services in: Primary Care, Behavioral Health, Health Education and Care Management

We believe that everyone deserves access to care, regardless of income or insurance status. That’s why we offer sliding fee discounts to ensure services remain affordable and accessible to all. But we can’t do this work alone. We rely on dedicated community members like you to help guide our mission and expand our impact. One of the most meaningful ways to get involved is by serving on our Board of Directors.

Who Can Serve?

TAN’s Board is composed of 9 to 25 members who reflect the diverse communities we serve—by income, race, gender, lived experience, and more. At least 51% of our board members must be patients of TAN Healthcare, ensuring that those who receive our care also have a voice in shaping it. The remaining 49% are community leaders, advocates, and supporters who bring valuable perspective and expertise.

Ready to Make a Difference?

Your time, voice, and perspective matter. If you're passionate about healthcare access, equity, and community empowerment, we invite you to apply. Together, we can continue building a healthier Southeast Texas.

Tell us about you!

One of the best parts of community health care is that it is centered around the needs of the people that it serves. TAN Healthcare provides services to a six-county area including Jefferson, Hardin, Orange, Newton, Tyler, and Jasper.

Are you from any of these counties? Tell us about your experiences there.

As a CHC, TAN Healthcare is proud to work with local churches, schools, universities and businesses to address critical health issues impacting our communities resulting from diseases such as COVID19, primary and preventative care, mental health, and environmental challenges such as seasonal hurricanes. These collaborations help make limited resources stretch to meet the needs.

Tell us how you see your role as a member of the Board of Directors in learning about and supporting the needs of the community?

Please list boards and committees that you serve on, or have served on (business, civic, community, fraternal, political, professional, recreational, religious, social).

Education/Training/Certificates

Please tell us about any specific education, training, or certification that you have received which could benefit the governance of the healthcare center and its services.

TAN Healthcare is a hybrid organization. We can produce revenue through billing for services and we are able to seek funding as a nonprofit organization. To ensure full compliance with local, state and federal laws as well as adherence to the requirements of our funders, TAN Healthcare requires a full team of qualified individuals to steer the ship. Tell us about your skills and experience that you believe could be an asset to the success of TAN Healthcare. Skills, experience, and interests (check all that apply).
